

# Deletions of orders (12)

- Status tracking satellite was used to track deleted deliveries between delivery periods.
  - ADE:s default status tracking satellite logs whether the row is active or inactive (0|1)

The table below shows when status was active and when inactive

	dv_id	bestellungid	delivery_period	bestelldatum	status
1	ac627ab1ccbdb62ec96e702f07f6425b	99	1	2022-03-05	1
